

# CAMERA ASSISTANT BAG

Protect your sensitive gear from the elements and transport it in comfort and style.

## Standard size for easy transportation.

The Camera Assistant Bag fits into a standard Peli 1620 Protector Case for easy shipping. Multiple D-rings allow you to customize the carry straps to suit your style such as 'Sherpa-style' for spreading weight evenly.

## Easily customize the interior.

Shape the interior to match your needs with seven adjustable heavy-duty dividers. From tape and tools to cameras and lenses, the camera assistant bag has a place for everything.

## Water and dust resistant.

Tough, high-quality construction including double-skin water-resistant material and seamless linings to protect your cine gear from the elements.

## On set gear is available instantly.

With its unique hinged lid and liner the bag can stay open - ready for action - without putting your sensitive gear at risk.

Designed to fit into a standard Pelic Protector Case
