

BOLT 4K & 4K MAX

The Ultimate in Wireless Video Transmission

Hi-resolution, 10-bit, zero delay on-set and on-location monitoring for 4K/60P focus pulling and mission critical viewing. Bolt 4K includes HDR transmission, with industry standard HLG, HDR-10 and PQ compatibility.

Other features:

- Best ever reliability with instant re-connect
- New mobile app for remote configuration
- Professional workflows with 12G-SDI and HDMI 2.0 inputs, outputs & cross-conversion
